# MIL-AERO SOLUTIONS

**Mil-Aero Solutions provides the following  
manufacturing and services for all industries:**

- Cable Assemblies.
- Wire Harnesses / Wiring Harnesses.
- Electro-Mechanical Assemblies.
- Box Build.
- Battery, Battery Packs and Power Supply Assemblies.
- Alarm, Surveillance and Security Assemblies.
- Control Panels and Panel Wiring Assemblies.
- Robotic, Cables, Controls, Panels and Assemblies.
- Hotrunner & Mold Connectivity Solutions.
- Power Cords.
- Medical Equipment Cables, harnesses and assemblies.
- Custom Video & Audio Cables and Assemblies.
- Machine, Automation Connectivity Solutions.
- PCB and PCB Assemblies.
- Molding and Overmolding.
- Custom Fabrication Services.
- Turnkey Solution & Contract Manufacturing.
- Engineering and Designing Support.
- Kitting.
- Just-in-time(JIT), Kanban and VMI.

MAS prides itself with total business and industry diversification, providing our manufacturing services to clients in all industrial and business segments.

## Wire Harness

Our wire harness capability ranges from simple and small complex flexible medical equipment application to robotics, appliances, electronic equipment, telecommunication, machine builders, & various transportation equipment including military and aerospace applications.

## Cable Assemblies

Our cable assemblies range from simple jumper wires terminated with ring terminals to complicated assemblies with up to 300 contacts. We carry a wide cross-section of cables, connectors, application tooling, testing fixtures and adapters to meet industry and customers increasing demands for quick deliveries.

## Electro-Mechanical Assemblies

MAS capabilities include turn-key electro-mechanical projects. We can source and manage supplier quality in metals, plastics and virtually all other components used in the manufacture of electronic assemblies. Product testing to your exact specification can be accomplished.

## PCB and PCB Assemblies

MAS has partnered with the industry's top PCB manufacturers and top contract manufacturers that lead the way in innovation. Expertise in BGA, QFN and other fine pitch technologies are a must in today's environment. From ordering bare pcb's to full assembly production, we can be your single point of contact.
